

Harmonized Tariff Updates

Periodically, customs releases updates of harmonized tariffs with the corresponding version. This is reflected below in the Trade-HTS module in AceSuite.

Keep inform for the latest tariff version to be in parallel with cbp's catalog.

*for non-cloud AceSuite versions, the hts version can be updated manually in the Trade-CBP Trans menu.

visit cbp's dashboard availability webpage for csms updates:
trade.cbp.dhs.gov/ace/dashboard/public/
